

City of Guatemala, May 14, 1973  
Mr. Minister,

In the most attentive manner I am directing you requesting the exemption of customs taxes, for a shipment of the material R.T.V. silicone, remitted by Dow chemical Co. to this institute of anthropology and history.

This material will be used to remove some molds from prehispanic sculptural pieces, so we would appreciate your authorization so that at the time of your arrival, they can be removed from customs. Without any problem.

Without another particular, I take the opportunity to subscribe as your attentive server.
